Parents

I would like to thank you for all of your support this school year. While everyday cannot be perfect, we experienced a wonderful 2016-2017 school year. Our students received many academic awards, academic club recognition, and athletic awards. The entire school was recognized by Today's Catholic Teacher during the National Catholic Education Association national conference in St. Louis. We were one of three schools selected nationally for the most innovative Catholic Identity. Our new fundraiser – The Race for Education – was a huge success raising more than \$31,000.00 for new library furniture and technology. We have been able to accomplish so many goals because of your support and dedication to our programs. I truly hope everyone has a restful summer break with your family.

Blessing for a safe and peaceful summer,

Bridget B. Martin

The Final Week:

Monday:

- 8th grade luncheon
